128T Plugin Ipsec Client Release Notes Version 1.0.1-1

Abstract

128T Release Notes

18 March 2020

Contents

128T Plugin Ipsec Client Release Notes

Special Considerations

This version of the plugin is compatible with any 128T version less than 4.3 and greater than or equal to 3.2.8.

Issues Fixed

- **PLUGIN-47** Created generic ipsec client plugin to provide connectivity to remote ipsec endpoints. This version supports a single client with up to two remote endpoints.
