PE

SP NSM_vrf

FON-LAN-VPN vrf

10.0.16.205/32

SDH box

192.168.2.0/24

172.16.1.0/24

Requirement is 172.16.1.0/24 to reach 192.168.2.0/24. That's it.

Maybe there is another way of doing it.
